VENUE, CAPACITY, ORGANIZATION

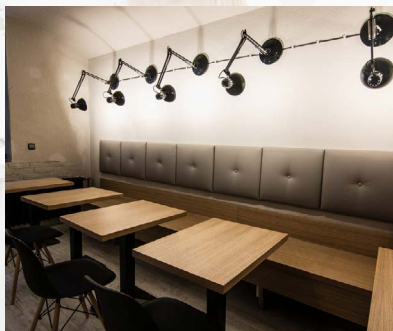

The workshop will be held on June 25 from 10:00 until 15:00 in Expat Café The Spot, Chodská 22, Prague 2 (Near Náměstí Míru).

The original idea behind The Spot was to create a comfortable, relaxed place that encourages visitors to meet with friends and mingle with others. It's important that visitors of The Spot have easy access to a vast collection of resources that educate them about living life as an expat in Prague. At The Spot, they want expats to feel at home while living abroad. That's why PraguExpats has come together with Coffeemakers.cz to run The Spot for expats and non-expats alike.

The presentation room's capacity is up to 40 people. The front part can take up to 30 visitors and the third small room offers another 10 places.

The presentations will take place in the presentation room; while the front room will host all the participants. There you will be able to get free counseling and professional help throughout the whole day. In the end of the workshop, the debate will take place where participants' questions will be responses.

The questions will be collected in a special box during the event. A part of the debate will be a lucky draw when a price will be given to one of the visitors. See the section Competition. The entry is free with free snacks provided during the day.

COMPETITION

During the whole workshop day, the visitors will have an opportunity to write down and put their questions into the box.

All questions will be answered during the final part of the workshop - closing debate.

In addition, the participants will have a possibility to win a free 45 minutes coaching session from Beata Dziedzic - Career Development Coach from Coachify.
