

## **JobSpin.cz Multilingual Job Fair Powered by Prague.TV**

**Date: October 21, 2017 Place: Anglo-American University, Letenská 5, Prague 1**

*Press release: July 27, 2017 in Prague, Czech Republic*

JobSpin.cz and Prague.TV bring you the most exciting expat job fairs in Prague. They grant the job-seekers the opportunity to meet face-to-face the representatives from the largest local and international companies that are searching for multilingual talents such as Accenture, Expedia, CDK Global, Novartis, or SAP.

Katerina Kukrechtova, JobSpin.cz job fairs event manager says: "The job fairs have grown very popular among international professionals in Prague and Brno. Over 700 candidates and 20 companies and organizations came at the event this April in Prague."

The biggest employers in the Czech Republic wanting to hire new multilingual talents will be this October at the job fair in Prague. Visitors can expect presentations for job-seekers, assistance for foreigners from expat centers, and professional consultations regarding CV writing and interview preparation at the special 'CV consult panel' of Manpower Group.

"People like to come to the job fairs since they give them the opportunity to ask the hiring managers about job vacancies in person and to better understand company culture of their future employers," explains Kukrechtova.

"Some people like to come to see 'what's out there' in the job market. These people usually already have a job; they want to know if other companies can offer them better career options or salary," she adds.

The official language of the job fairs is English; candidates do not need to speak Czech. The companies at the fairs seek the speakers of English, French, German, Dutch, Nordic languages, Russian etc.

The next JobSpin.cz Multilingual Job Fair Powered by Prague.TV takes place October 21, 2017 from 10 am to 4:30 pm at Anglo-American University, which is located at Letenská 5 in the 1st municipal district of Prague. The entry is free of charge for candidates.

"We will schedule the dates for job fairs in 2018 in the upcoming weeks. We would like to organize 4 job fairs next year, two in Prague and two in Brno, exactly as in 2017," informs Kukrechtova.
